Re:

Von der Leyen - Belgium government corruption favour exchange

Von der Leyen tells EU staff to violate EU Court Orders, participate in Belgian bribery-extortion crimes ... purchasing Belgian police/prosecutor inaction on her own offences

Hello Mr van Hulten and Transparency EU team,

Within some days, there is an important anti-corruption filing at the European Court of Justice, naming Ursula von der Leyen and Didier Reynders as principals, also some EU staff members, Monika Mosshammer in Reynders' cabinet, and a shockingly corrupt Tina Nilsson with the EU Ombudsman, who agreed to join bribery-extortion activity and violation of EU Court Orders and EU Law, directed by Von der Leyen.

Von der Leyen has purchased for herself what Qatari agents did not - the corruption of Belgian Ministers, who in turn ensure that Belgian police and prosecutors do not touch Von der Leyen and her husband in apparent covid vaccine bribery, with millions involved.

This scheme is in fact worse than Qatargate, the bribery sums involved much larger, and also Von der Leyen sponsoring what is in effect a threat of murder of EU citizens who decline to pay bribes to the friends of Didier Reynders, with many victims to be hurt in the future if this scheme is not stopped.

Von der Leyen has ordered that Commission offices be used to help operate and extend a Belgian scheme extorting bribes from EU citizens for their Freedom of Movement / Health Care Access rights in Belgium, and in particular that EU staff join her and Reynders in direct violations of EU Court Order C-535/19 (see below).

Notably, Von der Leyen & Reynders quite successfully corrupted the EU Ombudsman too. The EU 'ethics' & prosecutor apparatus are all captured by Von der Leyen, all suborned or intimidated by Von der Leyen and her German-led corruption machine.

You maybe know, Ursula von der Leyen has her husband in the covid vaccine business, with suspected millions in bribery flows to him from Ursula's covid vaccine disbursements, via a chain of subcontracts, either flowing already or to begin flowing after Ursula leaves office. Details on this, in the popular meme summary at the bottom.

These schemes also put the Von der Leyens in a 'business partnership' with Belgium's notorious Frank Vandenbroucke, a bribery gangster since the 1990s, and part of the 'Friends of Pfizer' intimate circle with Ursula and her husband.

Given that it is Belgian police and prosecutors who have jurisdiction over criminal acts in EU offices, the Von der Leyens think they can successfully commit crimes in EU offices, if they join in criminal acts with the Ministers of the corrupt De Croo government, helping them to violate all EU Laws and Court Orders ... and in return, the De Croo machine can block police

etc from pursuing the Von der Leyens, just as they restrict the Federal Police now, from going after crimes under their fellow Minister Frank Vandenbroucke.

Von der Leyen and Reynders tell the Belgian De Croo government: 'You do whatever you want breaking EU laws, violating EU Court Orders, we don't care, we will help you and cover you from the EU side. We control the Ombudsman, the EU prosecutors, everything. Go ahead and enjoy yourself.'

The very specific Belgian bribery-extortion scheme against EU citizens, now fuelled out of EU Commission offices, involves the violation of crystal-clear EU Law perfectly embodied in EU Court Order C-535/19 of 15 July 2021. This Court Order confirmed that EU Citizen Rights to National Health System Access, is intrinsically and inviolably part of Freedom of Movement, including for people 'not economically active' ... whenever not covered by another EU system (such as for EU Institution employees), EU citizens have absolute right to be covered under national health care where resident:

COURT OF JUSTICE OF THE EU / SOCIAL

Court of Justice confirms economically inactive EU citizens have right to be affiliated to health insurance system of another Member State

Brussels, 16/07/2021 (Agence Europe)

Economically inactive Union citizens residing in a Member State other than the one from which they originate are entitled to be affiliated to the public health insurance system of the host Member State, the European Court of Justice confirmed, sitting as a Grand Chamber, in a judgment (Case C-535/19) delivered on Thursday 15 July. However, it states that the host State may provide that such membership is not free of charge in order to avoid the persons concerned becoming an unreasonable...

But in their quest for bribes from EU citizens, Belgian civil servants under Health Minister Frank Vandenbroucke - a known bribery gangster since the 1990s, and a 'Pfizer partner' of the Von der Leyens today - the Belgians openly violate this Court Order. They hide it, pretend it doesn't exist, tell lies about it ... and finally openly tell victims that if they are not paying

bribes, they will just suffer for many years trying to win their rights in court. They even admit the victims will win ... 'eventually' ... but laugh at how long it will take.

Slow Belgian courts are a key weapon in Belgium government bribery practices, courts where some cases take 20 years. Moreover, lawyers paid tens of thousands of euros by the Belgian government, to harass extortion victims and delay their EU Citizen rights, are a 2nd source of bribes for the Belgian civil servants who issue the legal-service contracts. 'We can get our bribes from the citizen ... or we can get our bribes from the lawyers we hire to harass you, and maybe you'll be dead when you finally win in court, haha!' is the Belgian government attitude. Von der Leyen has joined the effort to see these crimes continue for many years into the future.

The Belgian officials are shameless, putting their requests for bribes in writing, and openly demonstrating they are violating EU Law and EU Court Orders; they simply don't care, as they are shielded from consequences by both Belgium gov't and the Von der Leyen Commission.

The official EU anti-corruption unit in Belgium's Federal Police, has its budget cut and restricted. Belgian Federal Police are told their funds are to focus on 'crimes by Muslims' (including those from Qatar), not for crimes by native Belgian ministers.

You can read the full, documented story of the bribery-extortion crimes on the Belgian government side, including the proof documents of Belgian official statements, in this EU dossier with Commissioner Jourová, online here:

In EU Commission offices, Von der Leyen has insisted with absolute firmness, that no honest EU Commissioner or staff member, be allowed to review violations of EU Law in Belgium or provide any assistance to the victims. All such matters are to be strictly under the control of Commissioner Didier Reynders alone, a party-group comrade of Belgium's premier and Justice Minister, in full, appalling conflict of interest, and Von der Leyen's top crime partner. Honest EU Commission staff are intimidated and terrified. Von der Leyen disgusts them as the most corrupt EU Commission head in many, many years. EU staff quite look forward to her departure.

To read about how Von der Leyen, aided by Reynders and his staff, helps run these Belgian bribery and extortion crimes out of EU offices, see the below. They all fear to discuss EU Court Order C-535/19, and the written proof they have Belgium totally violates that Order. Von der Leyen has found EU Commission and EU Ombudsman staff who are psychopaths, taking visible pleasure in writing stupid lies, and in violating EU Law and all EU Ethics codes just to 'serve the boss', these criminals feeling assured nothing will happen to them.

In response to the above you see in turn a total failure of all four EU ethics / prosecution offices, all under the iron grip of Von der Leyen intimidation and corruption:

- The EU Ethics secretariat writes smarmy smug evasions;

- EU Ombudsman staffer Nilsson under her corruption-friendly chief O'Reilly, writes some of the biggest lies about EU law and case facts in the whole criminal scheme;
- The office of OLAF Chief Prosecutor Ville Itälä sends an anonymous unsigned note laughably claiming they have no jurisdiction over crimes taking place in EU offices; and
- European Chief Prosecutor Laura Kövesi is more circumspect, but clearly seeking to avoid angering Von der Leyen as well, so far unwilling to address the crimes happening.

Ursula von der Leyen is confident - and quite racist - that she is going to get away with all this. 'I am upper-class German, not some 2nd class Polish or Hungarian or Italian. I do what I want. There will be no prosecution of the Von der Leyens!' is her attitude.

By the way, in case you don't know, the Qatargate prosecutions are not because Belgians or others are very concerned about the law ... it was a 'selective' prosecution involving the NATO intel agencies ... which have begun to detest the EU Parliament because of its many dissidents denouncing the war, EU corruption, covid policies etc.

The political goal behind Qatargate, is to discredit the Parliament in general, the particular people indicted irrelevant to this. Although a few Belgians are implicated, they were not 'insiders' like Reynders, just pawns to add credibility to the project. Ironically, a result of Qatargate is that it is shifting EU power to the even more corrupt Von der Leyen.

A further note, is that with her corruption so well known to world governments, Von der Leyen is seen by Commission staff as likely under blackmail by foreign interests (USA). Ursula von der Leyen doubtless likes how her posturing about Ukraine war, deflects from her personal corruption ... but it is clear she doesn't truly care about the war dead, given Von der Leyen has personally given the order, to try to murder a Polish citizen by depriving him of his EU Citizen Health Care rights, after he exposed her small-minded corruption.

It is clear as well that the 'Rule of Law' forays against Poland and Hungary, were substantially stitched-up political games by the two criminals Von der Leyen and Reynders - two of the biggest 'Rule of Law' violators themselves, who have no right to criticise anyone's 'ethics'.

Von der Leyen, Reynders, and the corrupt De Croo government Ministers of Belgium, such as their Health Minister bribery gangster Frank Vandenbroucke, all hope to get away with all this, and continue harming and damaging many lives of EU citizens well into the future. This merits your full attention and public documentation. This letter itself is being published on the web, so feel free to share with anyone.

The well known internet meme on the Von der Leyens vaccine corruption - the apparent reason why Von der Leyen helps Belgian officials run bribery-extortion crimes out of EU offices - follows the signature.

Very truly yours,
